

BRYAN AND TEDDY HOLD CONFERENCE

Private Conversation of Half an Hour Between Chief Executive and the Commoner.

NO DETAILS OF THE INTERVIEW GIVEN OUT

Democratic Leader Is Enthusiastic as to His Plan for Financial Relief.

WASHINGTON, Nov. 23.—President Roosevelt and William Jennings Bryan were in conference for half an hour in his private office today.

"I was not invited to call," Mr. Bryan said on leaving. "but I called on the telephone and asked if the President would receive callers. On being informed he would, I came simply to pay my respects to the President." Mr. Bryan was not willing to discuss the details of his interview, but was free to add details to the financial plan which he proposed a few days ago. In reviewing every measure of relief which had come to his notice, Mr. Bryan said that nothing seemed to be so important as the situation as of late, and at the same time as simply as the plan he suggested.

Stands by His Plan.

This plan, he said, was simply to have the Government insure depositors in National banks against loss by reason of the failure of the banks. It was not intended, he said, to have the Government collect a fund for this purpose, to be kept on hand. Whenever a National bank should be required to pay its depositors, it would be the duty of the Government to make an assessment on all National banks to meet the amount of loss by reason of the failure of the banks.

Such a remedy is Peruna. Many a mother has discovered its merits, not only when she herself is attacked by some phase of catarrh, but for the children also.

No sooner has one member of the family been relieved—no sooner has its efficacy been discovered in one case, than it is tried in another case.

Soon the discovery is made that Peruna is a reliable family remedy, good for mother and daughter, father and son.

No wonder so many mothers praise it. No wonder so many fathers insist on keeping it at hand.

Peruna is kept as a family medicine in more homes than any other medicine invented.

It is safe to say that no medicine ever devised has found such wonderful popularity as a household remedy as Peruna.

It is estimated that at least two million homes keep Peruna at hand continuously for family use.

THE changeable weather during the winter months is one of the greatest foes with which every family has to contend.

Catarrh of the head and throat abound with all their disagreeable symptoms of hacking and coughing, sneezing and snuffing.

A remedy that will both relieve and prevent these ailments is of priceless value to any family.

Such a remedy is Peruna. Many a mother has discovered its merits, not only when she herself is attacked by some phase of catarrh, but for the children also.

JURY PANEL COMPLETE IN CALEB POWERS CASE

GEORGETOWN, Ky., Nov. 23.—The jury panel in the Powers case was completed today, standing five Democrats, six Republicans and one Independent Democrat. Of this five have been passed and are permanent jurors. Three are Republicans, one Democrat and one Independent Democrat. Against this panel the Commonwealth has still four and the defense eight peremptory challenges.

The defense today moved to have the deputies in charge of the jury removed for alleged prejudice. The court said such a motion would be considered on application by proper affidavits. The court adjourned until Monday.

QUESTIONS AND ANSWERS

Bingham Canyon, Nov. 23. Please answer in your question and answer column of Sunday, November 24, who is the chief of police of Kansas City, Mo. AN OLD SUBSCRIBER.

John Hayes.

Goldfield, Nev., Nov. 23.

Having a bet as to whether a deer sheds his horns each year, we have decided to settle our argument on your reply, which we hope to see soon in the Sunday edition of The Tribune.

GOLDFIELD.

The horns are shed each year.

Butte, Mont., Nov. 20.

Dear Sir: Would you kindly inform me in your Sunday Tribune what financial standing has the Chicago-New York Electric Air Line? If it will really be built or if it is only a fake, so as to get money from the people. Also if Bingham Central Standard Copper company is a good investment?

H. E.

We can not undertake to pass upon the financial standing of business concerns, nor to advise as to investments.

Mill City, Nev., Nov. 18.

Please settle a dispute in your question and answer column in next Sunday's Tribune. A owns a mining claim, patented, B moved a house on it. A is living in the house. 1. Can B compel A to pay rent? 2. Can B make A move at any time? 3. Can A make B move the house? 4. Who is the rightful owner of the house? 5. A improved the house without receiving anything for it. Can B sell the house at any time without paying A for his labor and material he bought for said house.

A SUBSCRIBER IN NEVADA.

The man who moves his house onto another person's land loses the house, unless he has some contract which protects him. In this case B loses and A wins.

Pocatello, Ida., Nov. 20.

As I am a reader of The Tribune, would like to ask a question, to be answered in your Sunday column. What part of a husband's estate does the law give the wife in case of divorce in the States of Utah, Idaho and Montana? Is there any law in these States giving a wife part of the property. Yours respectfully,

R. J. S.

All that is settled by the decree and judgment of the court; there is no statute fixing this matter. The wife's dower of one-third does not necessarily govern in divorce cases. It would not fill the bill.

Big Strike Called Off.

ST. LOUIS, Nov. 23.—The strike of the St. Louis shoe workers has been officially called off by the joint executive board of the Independent Boot and Shoe Workers union, and today the strikers began making applications for reemployment. These applications were made by individuals. About 25,000 men, women and boys were affected at the time of the walkout, but many went back to work during the past few weeks.

New District Attorney.

WASHINGTON, Nov. 23.—President Roosevelt today accepted the resignation of W. H. H. Llewellyn, assistant United States district attorney for New Mexico, and filled the vacancy by the appointment of Captain David Lacey. Major Llewellyn will be assigned to special work in the department of justice.

ACCUSED OF MURDER: CIRCUMSTANTIAL EVIDENCE

OAKLAND, Nov. 23.—Detective H. E. Jamison, of Berkeley, this morning swore to a complaint in Justice Edgar's court in that city, charging Harry G. Kleinschmidt with the murder of Frank Bellows, who was found lying dead in a lot adjoining the Kleinschmidt residence on the morning of July 27, 1907, and was supposed to have committed suicide.

The complaint is based upon information and belief. Kleinschmidt, who is in the county jail, refuses to make any statement, upon the advice of his attorneys. Deputy District Attorney H. L. Hynes and Phil Carey have gone to Sutter Creek, there to obtain a statement from Miss Blanche Kerfoot, to whom Kleinschmidt was said to have been engaged, and whom she subsequently is said to have eloped with. On her statement District Attorney Brown depends greatly. Brown admits that thus far all of the evidence against Kleinschmidt is purely circumstantial.

OLD SORES FED AND KEPT OPEN BY IMPURITIES IN THE BLOOD

Every Old Sore is an outside symptom of a weak or polluted condition of the blood—the external evidence of physical impurity. If they were due to outside influences, or if the cause was confined strictly to the diseased flesh around the ulcer, then local treatment and simple cleanliness would cure them. But the foundation of the trouble is in the blood, which has from some cause become unhealthy and diseased, and is keeping the sore or ulcer open by continually discharging into it the impurities and poisons with which it is filled.

This impure condition of the blood may be the remains of some constitutional trouble; the effect of a long spell of sickness, which has left the circulation weak and germ-infected, or because the natural waste and refuse matter of the body, which should pass off through the proper channels, has been left in the system to ferment and decay and be absorbed into the blood.

Again the cause may be hereditary, the polluted blood of ancestry being handed down to posterity; but it does not matter how the trouble became entrenched in the blood, the fact that the sore will not heal is evidence of its deep, underlying cause, and shows the absolute necessity for the very best constitutional treatment.

There is nothing that causes more discomfort and worry than a festering, discharging old sore, as it lingers, slowly eating into the surrounding tissues and flesh, and by its obstinacy and tendency to grow worse, in every way suggesting the possibility of being cancerous in its nature; for there is no difference at first in the appearance of a cancerous and a common ulcer, and any sore that persistently refuses to heal may degenerate into Cancer if the blood is not purified of the poisons which produce the trouble.

Salves, washes, lotions, etc., cannot effect a cure of an obstinate sore or ulcer. Such treatment may assist in keeping the place clean and antiseptic, but it does not reach the blood where the real cause is located, and can therefore have no permanent good effect.

S. S. S. goes to the fountain-head of the trouble and drives out the poison-producing germs and morbid matters which are keeping the sore or ulcer open. It removes every particle of impurity from the circulation and makes this life-stream pure, fresh and health-sustaining. Then as this rich, purified blood is carried to the place the healing begins, all discharge ceases, the inflammation gradually leaves, new tissue and healthy flesh are formed, and soon the sore or ulcer is cured, and permanently so, for the cause has been entirely removed.

If you have a sore or ulcer that is slow in healing do not depend upon local applications alone; remember it may develop cancerous tendencies, and the only way to effect a cure is to purify your blood with S. S. S. This medicine possesses the finest of tonic properties that build up and strengthen the entire system and in every way assists in bringing about a prompt and certain cure. To sum the matter up—purify your blood and the sore will heal of its own accord. Special book on Sores and Ulcers and any special medical advice desired will be furnished without charge to all who write.
